

## **Tennis Covid Procedures 2021**

**Bus Ride:** All students must wear their mask during the bus ride to and from the tournament. If we are using the white activity bus the front windows will be cracked open for cross ventilation.

### **Tournament Procedures:**

We will no longer be waiting in the bus for our names to be called. We will set up a camp around the perimeter of the courts. Only our students will be allowed at our camp. Our camp will be located a minimum of 10 feet away from any other camp. Every student must have their mask on while not participating. Students may choose to not wear their mask while playing but must put it back on when near another person.

While playing, if another courts tennis ball enters your court please do not use your hands to return it. Use your racket or your foot. You should only touch the tennis balls being used on your court.

### **Food/drinks:**

We will continue to provide our athletes with snacks and drinks throughout the tournament. Athletes may also choose to bring their own.

### **Sanitization:**

The busses are sanitized before we depart and when we return. Hand sanitizer and wipes will be available at all times.
